Boofle's Christmas Countdown Advent Calendar Craft

xxx

You will need:

24 empty toilet rolls, strong cardboard for the backing, glue or double-sided tape, printed number sheet: 1–24, scissors, pencil, optional: sweets, notes or small gifts for inside the rolls.

Step 1: Prepare the rolls

Collect 24 clean, dry toilet rolls. Flatten each roll gently, bringing the top and bottom edges together. Secure the bottom edge with tape.

Step 2: Add the printed numbers and Boofle

Cut out the numbers from the printed sheet. Stick numbers 1–23 onto the first 23 rolls. On the 24th roll, stick on the Boofle pose instead of a number.

Step 3: Add the contents

Place a small sweet, toy, message or activity card inside each roll. Avoid anything too heavy. Seal the top of each roll with a small piece of tape.

Step 4: Make the backing

Cut a large piece of sturdy cardboard into the shape of a triangle Christmas tree.

Step 5: Attach the rolls

Arrange the rolls on the cardboard in a Christmas-tree pattern, then glue or tape each roll securely in place.

Step 6: Decorate the display — optional

Add ribbons, lights, bows, stars or snowflakes around the edges to complete your Boofle Christmas countdown tree.

Enjoy your Christmas countdown!
